

July 16, 2002

Dear Applicant,

The Department of computer Science at Iowa State University has now closed its faculty search for this year.

We received over 130 applications for the two positions we had. The criteria for selection included the match between the applicant's area(s) of expertise and the department's current needs, the applicant's research and teaching credentials, and any other relevant factors. We have invited 10 candidates for on-campus interviews. Of these, 4 received formal offers. Given our current needs and resource constraints, we were unable to interview as many candidates as we would have liked.

We would like to thank you for responding to our advertisement seeking candidates for faculty positions in the Department of Computer Science at Iowa State University. We wish you the very best in your career.

Best regards,

Gioria Slutzki
Chair of Search Committee
